Hint: The first way can be very slow due to the time it takes for the FTP client to download the file from our SFTP server, then wait for our server to transmit it. Another way is to simply download the file from an anonymous FTP site instead of one hosted by a 3rd party. They may be slower but will download the file much faster. We may reduce the time it takes to download the file in the future. Most icons, including all of the Sonic the Hedgehog icons, are located in the Sonic the Hedgehog media file directory. Category:Sonic the HedgehogQ: Better way to concatenate two strings? In production I have this: @concat = @calendar_input.text.strip In production I have: @concat = @calendar_input.text.strip I don't know why I wrote it that way. Is there a better way to concatenate two strings? A: @concat = @calendar_input.text.strip The reason you use a block { } is because this is a very concise way of expressing the following: @concat = @calendar_input.text.strip if @calendar_input Also, I'd suggest moving the variable declaration to the top of the method. It makes the code easier to read. A: @concat = @calendar_input.text.strip unless @calendar_input Alternatively, as @sjbach suggests, use an if-else: @concat = (@calendar_input.text.strip if @calendar_input) Or a ternary: @concat = (@calendar_input.text.strip)? @calendar_input.text.strip : '' See also: [Ischemia, nutrition and anastomotic healing]. Ischemia, combined with infectious complications, is detrimental to the healing of anastomoses. The importance of prevention of complications and early recognition of complications in the ICU are important. Transient and moderate ischem
