I would like to confirm that Navicom is a good radio manufacturer with good sound quality as this is the first radio I ever used in the marine environment. Unfortunately the manual does not give any details of the receiver settings, the voltages on 2 sains, 2 stations and the dummy coil. Longs MPS-1 PM 7 Signal Mixer. I never had to rely on a manual because I was a previous Navicom user. Navicom website: This site explains the features of the new features on the Navicom RT-450DSC radios...
