Free Smoothie Recipes Yogurt-Fruit Smoothie When I was little, I didn't like the taste of yogurt. I just couldn't understand why adults are drinking yogurt all the time. Then one day, my mother showed me that by mixing water and yogurt together, I would get a smoothie that I can enjoy. Mix yogurt, milk, water and ice in a blender. Once the liquid mixture starts to thicken, add a pinch of salt. Taste, and mix in more milk, if necessary. If you want, add honey and cinnamon. Put the thick liquid in a bowl and enjoy! Strawberry-Mango Smoothie Another homemade smoothie recipe. We love strawberries because they taste so sweet and they're delicious when they are still in their ripest form. It is also a great fruit to add to your smoothie because it has tons of vitamins, antioxidants and potassium. On the other hand, mango is low in fat and cholesterol, and is very rich in vitamin A, vitamin C, potassium, iron, fiber and carotenoids. So, when you mix the two fruits together, you get a thick, yummy and fruity drink. Prepare: 4 ice cubes 4 tablespoons milk 5 fresh strawberries 1/2 cup chopped mango Blend all together in a blender, enjoy! Sour Cream-Banana Smoothie Sour cream is a dairy product made from milk and cream that has been ripened with a bacteria known as butyric acid. It is a fairly tangy, sour food that makes a great base for smoothies. It also has tons of vitamins and minerals. A cup of sour cream provides about 30% of the recommended daily amount of vitamin C. It has also 30% of the daily requirement of vitamin B12, along with 23% of calcium. It is also high in protein and iron. 2d92ce491b
