
What Can You Do With a RealFlight G7

Feature Complete compatibility with all new features and improvements of G5, including: New flight stacks: New weather stacks: Auto Pilot Assistant: "True" or "False" Cross-Eyed Display: "True" or "False" G5's new features are divided into two categories: Free Updates: These updates are free and are automatically installed when you install G5 G5 (RealFlight Gold) Upgrade: The other type of updates available. These require that you upgrade to G5 first. This section contains the links to the G5 Upgrade, then it is simple to find the Free Updates for upgrading to the latest version. Weather G5's own weather stacks are very easy to use and are fully customizable. However, if you prefer other weather systems, you may want to consider a third-party weather system such as weatherwise, iPro Weather, etc. Many of them are designed to be used with Realflight. Auto Pilot Assistant With the G5 we are also proud to introduce the Auto Pilot Assistant. This feature was designed to automatically maintain the current position when the power fails. That means no need to restart the aircraft or even to pull the throttle all the way back in. The truth is that most aircraft with auto pilot have some sort of automatic restart feature. This feature was not added to G5's for no reason. The rest of the features are self-explanatory. Android application Today we are proud to announce a complete ready-to-use version of RealFlight for Android smartphones and tablets. You can find it under the Google Play store here: Our new application is fully compatible with all Realflight releases. It runs smoothly even on lower-end devices such as the Samsung Galaxy S. WeatherBug applications Today we are proud to announce two new WeatherBug applications. The first is designed to work with Realflight 5.5 The second one is a better, and fully customizable solution for those looking for something much more advanced. You can find them under the Google Play store. Remember, Realflight is also compatible with WeatherBug. Free updates As always, these updates are available as part of Realflight G5. Without the need to update first, we offer complete support to

Dongle only.no DISC.no cable.(CNN) Georgia Rep. Austin Scott said he is resigning from Congress Thursday after being charged with sexual battery for an incident with a "mistress." "I am resigning my position in Congress effective at the close of the 115th Congress, and I am so very sorry for the pain this causes my family, my constituents, my colleagues, and most of all my God," the Atlanta Democrat said in a statement. Scott is accused of having sex with a woman on at least three occasions while she was his mistress, according to a police report obtained by CNN affiliate WSB. Police responded to a call in February 2017 from a woman who said she had a sexual encounter with Scott. The woman told police she and Scott met at a bar and had sex in a hotel, and that he had had a sexual relationship with her for several months. She said they had sex more than three times between December 2015 and February 2017. She also said Scott continued to contact her after they broke up and began texting her. At times, the texts included obscene language, and at other times they were affectionate, she told police. Scott told WSB he is "extremely disappointed in my actions." "I take full responsibility and am very sorry for my actions, as well as the 1cb139a0ed
