Fox News provocatively called for President Barack Obama to be impeached Tuesday, and the president's press secretary dismissed it as "nonsense." Fox News host and longtime Republican operative Eric Bolling giddily regaled conservative viewers with the obvious implication that the president's public release of the Bowe Bergdahl "sweetheart" deal represented the signing of his impeachment articles and that Barack Obama is on the fast track to being the third president in U.S. history to be impeached. "He has left us no choice," Bolling crowed as he unveiled a graphic that featured a picture of President Obama along with the words "Impeached" in front of an explosion. "If we don't make America safe, they'll come after us," he continued. "We have to impeach him." Bolling's number one guest was Fox News contributor and former House Speaker Newt Gingrich (R-Ga.), whose perspective on the subject was that the president should not be impeached for doing what his predecessor did "every single year." "If Obama spends one day more in a helicopter than he's working on the problems in the United States, there will be an impeachment," Gingrich told Bolling. "I want to speak to you as a former Speaker of the House," Bolling responded. "You do know that this president has not done more? You do know that." "What Obama has done more than his predecessors was to surrender American ground in Iraq," Gingrich countered. "He has done it!" Bolling exclaimed. "He has done it!" When the conversation turned to the Bowe Bergdahl deal, Bolling asked Gingrich if he was "supportive of the five terrorists who are still alive?" "That's not my idea of a swap," Gingrich answered. But Bolling wasn't through. "So, Newt, it's as I was going to ask you, why is it that this is about shooting Americans? Because they're smarter, I think," he said. "I think America is being endangered by a president who is someone who doesn't care about our economy, who doesn't care about the things that make America exceptional. He is trying to get us

Q: Как в mysql вычислить время до следующей выборки? Есть база данных. Каждого студента хранится в поле уникальный код и запись о последних погонах исключением. И необходимо вычислить время, до следующей записи данных. Но вот проблема, количество записей может быть несколько тысяч, и для каждого студента нужно проверять снова и снова. Но сама проблема в том, что есть проверка, а потом возвращается возвращенное значение, и сразу следующая выборка. Выборка зависит от те

Overview: The original Elite Dangerous was one of the original “AAA” space shooters, using an almost pixel-by-pixel experience. It also did a good job of introducing players to the wonders of space, taking them from the relative safety of planet Earth to the vastness of space. The last game, Frontier: Elite II, was generally considered a decent game for what it was – but it lacked the visuals and visuals that were almost a requirement for a “true” Elite Dangerous experience. I.G.I.L is making up for that!
